KUNST NACH MASS

Individuell angefertigte Drucke, bei denen sie nicht nur das Motiv, sondern auch das Format und die Ausstattung auswählen können. Ein solches Bild wird dann speziell für sie hergestellt.

Der Proportional-Faktor hilft Ihnen, die Wunschmaße Ihres Bildes im richtigen Größenverhältnis von Höhe und Breite zur Originalgröße zu berechnen. Multiplizieren Sie einfach die gewünschte Breite mit dem Faktor um die proportionale Höhe zu erhalten.

z.B.: 120 cm Breite x 0,5 = 60 cm Höhe

PRINT ON DEMAND

Exclusive images, where you can select not only the image but also the size and the material. The picture is then produced individually for you.

The 'proportional factor' enables you to calculate the dimensions of your picture, whilst ensuring that the height and width remain proportional to the original size. Simply multiply your desired width in cm **x** proportional factor.

For example: 120 cm wide x 0.5 = 60 cm high

L'ART SUR MESURE

Des impressions fabriquées individuellement dont vous pouvez non seulement choisir le motif mais également le format et la fourniture. Un tel tableau sera alors produit spécialement pour vous.

Le coefficient de proportionnalité vous aide à calculer les dimensions idéales de votre reproduction, en respectant les bonnes proportions entre la hauteur et la largeur par rapport aux dimensions originales. Multipliez simplement la largeur idéale voulue par le coefficient afin d'obtenir la hauteur proportionelle.

Exemple: 120 cm largeur x 0,5 = 60 cm hauteur
